Owners Lisa McSwain and Jeff Rocco are opening the first Sanké Hairdressers salon in the United States.

The salon is located at 2855 W. Lake Houston Pkwy Suite 107 in Kingwood, TX between Kingwood Bagel and FedEx.

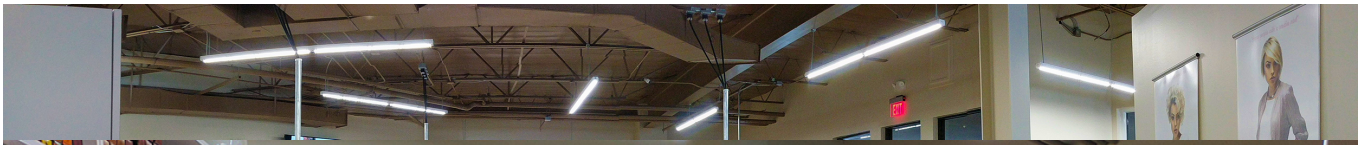

Sanké Hairdressers offers their guests an experience above and beyond the basic salon visit. Every guest receives personalized advice on their hairstyle, as well as advice on how to care for their hairstyle at home, a complimentary coffee/tea served in a cup and saucer, or a refreshing infused water to enjoy while they relax. The Sanké relaxation begins with a scalp massage during the shampoo process and continues with an aromatherapy scalp massage after the shampoo, performed by highly trained stylists who are constantly honing their skills, and training.

Sanké Hairdressers Kingwood will also be the first Kérastase salon in the Northeast Houston area.

Kérastase is a luxury, high end hair care brand that fits perfectly with the guest centric, pampering concept of Sanké Hairdressers.

Sanké Hairdressers currently has over 20 salons in Belgium, and 1 in the United States.
